Avery Dennison Foundation Spirit of Invention Scholarship Program

The Avery Dennison Foundation Spirit of Invention (InvEnt) Scholarship Program is designed to recognize and reward invention, innovation and excellence in high-achieving students studying in the fields of science, engineering and technology at selected higher education institutions in India and China. The Program was developed to encourage students to continue in these fields after graduation by helping them meet their financial needs during the period of their college attendance. The scholarship is primarily merit-based. Selected students will receive US \$1,300 scholarship to be used for their studies.
